Division D DELP Report

Division D Educational Accomplishments

	Sept	Oct	March
CC	6	9	23
AC	4	6	13
CL	<u>4</u>	<u>9</u>	<u>15</u>
Totals	14	24	51

Spring Area Contests completed 3/12/11

Spring Division Contest 3/26/11

Division D has now 27 clubs from a base of 24

Two clubs restored to charter strength and making regular meetings

Tri-City coached by Marsha DeGon and doing well in their DCP

OCTA Transit Talkers-Reorganized and educational programs are added to the meetings for member awareness of TI requirements

Area D4 is 1 CC away to accomplish District goals.

Areas D1 and D2 are 3 CC's each away to accomplish District goals.

Area D5 is 4 CC's away to accomplish District goals.

Area D3 had not posted much in accomplishment but experience dictates they finish distinguished. Area D3 has 2 new clubs but PDG and Humor Masters could carry the entire area with help from Bre'ahs and Figures of Speech and make the area Distinguished.

Four out of five areas had completed AC requirements.

Division D remains focused in its aim for Presidents Distinguished goals and regardless of the actual accomplishments, we will surely be at least Distinguished by the end of the year. We are instructing clubs to complete CC's to attain our goals.

Two AG's had submitted their reports and the rest of the AG's are completing club visits prior to their last report.

Division D had lost its Treasurer and I'm taking his place for the balance of this term.

Division D now has officially launched its website. We are proud to say that it works because we had the biggest attendees in make-up training and area contests. Check out this link [Division D](#) .

We are still struggling on how to address the **Distinguished Member Program** as there are issues which we think should be addressed by the District and TI. We are implementing the program on the Club level and that's where it stays until the issues are resolved.

We are also struggling in our endeavor to maintain our website due to requirements imposed on us by the District on the content. We are working to get these items resolved so we can keep the site alive.

One of my Area Governors will train Toastmasters who are interested in developing websites in our endeavor to keep the Division website up and running when our term expires. This will be his HPL project. Attendees will learn how to input text and make changes to the websites' structure. We will implement the project as soon as the materials for instructions are complete. Presenter is Area D5 Governor George Day.

End of Report

Ben Bolisay ACG, CL
Division D Governor
