**APPENDIX DIVISION BOUNDARIES**

Policy Section VI: B 2: Assignment of Clubs to Districts, Divisions, and Areas and the District Alignment web page, which states:

Align newly-chartered clubs to the area that makes geographic sense and will maximize service to the club. Beware of aligning a club based on who helped charter it or who the sponsors and mentors are. Establish alignment based on providing the best service to the club and not on recognition in the distinguished programs. To facilitate support by the area governor and to encourage participation in inter-club activities, districts are encouraged to assign clubs to areas based upon geographical proximity to other clubs in that area. Advanced clubs shall not be segregated into separate areas, but shall be integrated with other clubs in the district.
